### Course Description and Purpose

This course will examine the causes and consequences of international trade. We will use both the core and new models of international trade as a tool to understand why and how countries trade, what they trade, and who gains from trade. Moreover, we will investigate trade policies and restrictions. The effects of tariffs, quotas, subsidies, and international agreements will be discussed.

## COVID 19 Information

As cases and hospitalizations due to the Omicron variant continue to increase in our community, we must unite and take necessary steps to prevent further spread.

Daily and before arriving to campus, complete the P3 app. If you are not given the green check mark to enter campus, then stay home, and contact me by email by forwarding your P3 app email notification advising you to stay home.

Please check your FIU email account and your Canvas course at least once a day. Email and Canvas are the official ways for the university, and your professors, to contact you.

By computer literacy we mean being able to manage and organize computer files efficiently, and learning to use your computer's operating system and software quickly and easily. Keep in mind that this is not a computer literacy course; but students enrolled in online courses are expected to have moderate proficiency using a computer. Please go to the "[What's Required](#)" webpage to find out more information on this subject.

## Course Communication

Communication in this course will take place via the Canvas Inbox. Check out the [Canvas Conversations Tutorial](#) or [Canvas Guide](#) to learn how to communicate with your instructor and peers using Announcements, Discussions, and the Inbox.

## Assessments

Your course grade will be based on 5 exams, 10 quizzes, and 5 essays in total. **Note that the homework for each chapter that are on Canvas and Mylab are just for practice and they will not count towards your final grade.** However, it is highly recommended that you attempt the homework and the study plan for each chapter. Even though they do not contribute to your final grade, they will contribute to your success. Please see the table in Grading section in this syllabus to learn more about what assignments contribute to your final grade and what each assignment's weight on your final grade. **The quizzes and exams will be available after the due date with a 1% per day grade deduction. The due date for late submission for all exams and quizzes, unless stated otherwise, is April 29, 2022.** If you provide official documentation for your excuse, your grade may not be penalized with late submission penalty. **Late submission is NOT available for essays unless you provide official documentation.**

**Please do not wait until the last hour to take an exam or a quiz. In case there is a technical problem, I may not be able to help you on time and you will end up finishing your exam late and hence be penalized. I strongly suggest you to take pictures of screen, error message, etc. or record the technical issue you are having, and contact to the related company's support team (Pearson).**

**Exams:** There will be 5 exams: Exam 1, Exam 2, Exam 3, Exam 4, and Exam 5. **All exams are mandatory.** There is no final exam. Exam 5 will be completed in the final exam week.

- Please see the calendar for exam dates. Each exam must be taken before the previously announced due date. Once an exam becomes available, you will only have a few days to complete the exam. There is a standard late submission policy for each exam, which is **1% of the total grade deduction PER DAY if submitted after the due date. The due date for late submission, unless stated otherwise, is April 29, 2022.** If you provide official documentation for your excuse, your grade may not be penalized. **Please make your plans accordingly.**
- The duration of each exam is 75 minutes.
- You will be able to see your scores and correct answers to questions after the availability period has ended.
- **There will be one attempt for each exam and each exam should be finished in one sitting.**
- **Respondus Lockdown Browser** will be used for all exams. Please visit follow [this link \(Links to an external site.\)](#) to learn how to use Respondus Lockdown Browser.

In order to mitigate any issues with your computer and online assessments, it is very important that you take the "Practice Quiz" from each computer you will be using to take your graded quizzes and exams. It is your responsibility to make sure your computer meets the minimum [hardware requirements](#).

Assessments in this course are not compatible with mobile devices and should not be taken through a mobile phone or a tablet. If you need further assistance please contact [FIU Online Support Services](#).

### **Exam Instructions:**

Exam Instructions:

- 1) You are NOT ALLOWED to use any notebook or your e-book or textbook or another person's help. However, you can use a FORMULA SHEET as 2 index cards of size 4 inches by 6 inches.
- 2) You may use a pen or pencil, a calculator, and a few sheets of blank scratch paper. You can use the online Respondus calculator. Cell phones, tablets, laptops, smart watches, and any other electronic devices are NOT PERMITTED.
- 3) You CANNOT use multiple displays/monitors. Your internet activity will be controlled by Respondus Lockdown Browser. You CANNOT open new tabs, windows, or applications during the exam.
- 4) You have one attempt to finish the test within the availability of the exam.
- 5) Exam time is 75 minutes..

Failing to follow these instructions could result in a violation.

**Quizzes:** There will be 10 quizzes that will count towards your final grade: One chapter quiz for each chapter after chapter 3 until chapter 12. These **10 quizzes are mandatory**. I highly recommend you to take Quiz for Chapter 2 to gain practice for Mylab as well as to practice yourself on Chapter 2, and the Syllabus quiz on Canvas even though the Syllabus quiz and Chapter 2 quiz do not count towards your final grade.

- Please see the calendar for quiz dates. It is suggested that each quiz is taken right after studying the relevant chapter.
- There is a standard late submission policy for each quiz, which is **1% of the total grade deduction PER DAY if submitted after the due date. The due date for late submission, unless stated otherwise, is April 29, 2022. Please make your plans accordingly.** If you provide official documentation for your excuse, your grade may not be penalized.
- The duration of each quiz will depend on the number of questions on the test and will be announced when the test is online.
- You will be able to see your scores and correct answers to questions after the availability period has ended.
- **There will be 3 attempts for each quiz.**

**Attention:** Please pay attention to the due dates of each, quiz, exam, assignment, etc. There will not be an extension for the due dates under any circumstances without formally documented proof. Please manage your time wisely.

**Essays:** There will be 5 essays. **All essays are graded and mandatory.**

**Each posting should be a minimum of three paragraphs: The introduction, the body, and the conclusion. Word totals for each post should be in the 400-500 words range.** Provide **supporting evidence and concepts from the readings or a related experience.** Include **(in-text) citation** whenever it is needed. See the calendar for due dates. **Late submission is NOT available for essays unless you have a valid excuse and provide official documentation.**

**Make sure that you read all relevant material (chapters, articles, etc.) before you start writing your essays.**

When writing your essay, please:

- Include (in-text) citation whenever needed. **It is plagiarism to use other writers' words and IDEAS without citation. Please see "[Understanding Citation vs. References](#)" article and [the citation guide](#) before you start writing. Preferred format for citations are APA, MLA, and Chicago. You can also use online citation generators.**
- Please do not use "Yes, this is correct" or "I agree" or "I disagree" etc. in your essays. You are supposed to write an essay about the topic. It is not about whether the statement is correct or incorrect or you are supposed to write an "answer" to it. It is a topic, and you are supposed to write an essay, such as a short column in a journal, on that topic. It is not a "yes" or "no" question that you are supposed to answer. It is a topic on which you must elaborate, comment, agree or disagree, prove or disprove without directly answering it.
- Quotations should generally not be used.
- Avoid informal language, jargon, and slang. Example: Prefer "It is likely that..." "It may be the case..." etc. rather than "I believe" or "I think". Prefer;  
"conducted a study" instead of "did a study"  
"examined" instead of "looked at"  
"utilize" instead of "use" (where appropriate)  
"great deal" instead of "a lot"  
"furthermore" instead of run-on sentences.
- Be organized in your thoughts and ideas.
- Have a structure and flow in your essay. Do not let your ideas float around. Use paragraph or sentence correctors as needed.
- Stay on topic. Make sure you comment on every statement given in the topic.
- Provide evidence of critical, college-level thinking and thoughtfulness in your responses or interactions.
- Avoid summarizing.
- Be aware of grammar and sentence mechanics.
- Participation alone is not enough; a thoughtful, meaningful, and respectful approach in your posts is required.

**IMPORTANT NOTE: There is no other extra credit opportunity in this class. There are already plenty of assignments for you to work on, and in order to be fair, the assignments will not be customized according to students' needs, and there will not be customized or extra assignments. Please do not ask for extra credit opportunity at any time during the semester.**

**All assignments must be completed by April 29, 2022.**

## Grading Rubric for Essays

Your participation will be graded on according to the following criteria:

	Excellent (4.5 - 5)	Good (3 - 4)	Needs Improvement (1.5 - 2.5)	Poor (0.5 - 1)	0
<b>Overall Impression</b>	Author directly addresses main question or issue, and adds new insight to the subject not provided in lectures, readings, or class discussions. The author has retained nearly all of the knowledge presented in class. He/She is able to synthesize this knowledge in new ways and relate to material not covered in the course.	Author competently addresses main question or issue, but does not add much new insight into the subject. That said, it is clear that the author has learned a great deal in class and is able to communicate this knowledge to others.	Author attempts to address main question or issue, but fails. The author has retained some information from the course, but does not fully understand its meaning or context and cannot clearly convey it to others.	Essay does NOT address main question or issue, and it is obvious that author has not retained any information from the course.	PLAGIARISM
<b>Argument</b>	Essay contains a clear argument—i.e., lets the reader know exactly what the author is trying to communicate.	An argument is present, but reader must reconstruct it from the text.	Author attempts, but fails, to make an argument (e.g., starts with a rhetorical question/statement or anecdote that is never put into context).	No attempt is made to articulate an argument.	

	Excellent (4.5 - 5)	Good (3 - 4)	Needs Improvement (1.5 - 2.5)	Poor (0.5 - 1)	0
<b>Evidence</b>	Provides compelling and accurate evidence that convinces reader to accept main argument. The importance/relevance of all pieces of evidence is clearly stated. There are no gaps in reasoning—i.e., the reader does not need to assume anything or do additional research to accept main argument.	Provides necessary evidence to convince reader of most aspects of the main argument but not all. The importance/relevance of some evidence presented may not be totally clear. Reader must make a few mental leaps or do some additional research to fully accept all aspects of main argument.	Not enough evidence is provided to support author's argument, or evidence is incomplete, incorrect, or oversimplified. Information from lectures and readings is not effectively used.	Either no evidence is provided, or there are numerous factual mistakes, omissions or oversimplifications. There is little or no mention of information from lectures and readings.	

## Course Grading

Course Requirements	Number of Items	Points for Each	Weight
Exams	5	40	60%
Quizzes	10	10	20%
Essays	5	5	20%
<b>Total</b>	<b>22</b>	<b>-</b>	<b>100%</b>

You can calculate your final grade using the following formula:

$$(E1 + E2 + E3 + E4 + E5) * 0.30 + (QCh3 + QCh4 + QCh5 + \dots + QCh11 + QCh12) * 0.20 + (Es1 + Es2 + Es3 + \dots + Es5) * 0.80 = \text{FINAL GRADE}$$

In the above formula, E1, E2, E3, etc. would be your individual scores on the five exams, QCh3, QCh4, QCh5, etc. would be your individual scores on the ten quizzes for chapters 3-12, and Es1, Es2, Es3, etc. would be your individual scores on 5 essays.

## Grading Scheme

Letter	Range (%)	Letter	Range (%)	Letter	Range (%)
A	96 or above	B	84 - 87.99	C	70 - 74.99
A-	92 - 95.99	B-	80 - 83.99	D	60 - 69.99
B+	88 - 91.99	C+	75 - 79.99	F	59.99 or less
